

# Do The Do

Tim Hardin

Well, I know I gotta a friend  
That I love  
You got to the do  
But you ain't seen nothing to you see her do the do  
Do the do  
Do the do

Turning the bus  
Turning aways  
She got everything  
Everything in the right place  
Don't need position  
Position to know her too well  
You gotta know one  
You know what  
Do the do  
Do the do  
Do the do  
Do the do

Nothing left and nothing right  
Nothing left when you see her do the do  
Do the do  
When we dance there's nothing right  
When you see her do the do  
Do the do  
Do the do  
Do the do  
Do the do  
Do the do  
Do the do  
Do the do  
Do the do

Shuffle the gun  
Do  
Do the do  
Do  
I do

Well, I know I gotta a friend  
That I love do the do  
But you ain't seen nothing to you see her do the do  
Do the do  
Do the do

I'm gonna show her  
Do the do  
A good time  
Do the do  
I'm gonna move my body  
I got the move  
When she dances  
I fall in love  
Once you see her do the do  
Do the do  
Do the do

Do the do  
Do the do  
Do the do

Do the do  
Do  
Do the do  
I do

Do the do  
Do the do  
Do the do

34 bus howling in the way  
Everything  
Ever

Everything in the right place  
Don't need position  
Position to know her too  
You gotta know one  
You know what  
Do the do  
Do the do  
Do the do  
Do the do

Nothing left and nothing right  
Nothing left when you see her do the do  
Do the do  
Do the do  
Do the do
