

# Here Comes The Thunder

Tim Hicks

Hey  
Yeah the boys are back  
We're gonna hit this town  
Been a long time coming  
Been a long hard time  
Gonna smoke some  
Gonna drink some  
Gonna find a little trouble  
If not we're gonna make some

Rolling, rolling, rolling, rolling, rolling  
We gonna throw it on down  
We rolling, rolling, rolling, rolling, rolling  
Yeah you better watch out  
Here comes, here comes the thunder  
Here comes, here comes the thunder  
Storms a coming, better run for cover  
Here comes, here comes the thunder

If the tomboys lined up  
Whiskey on the rocks  
Get the girls all wound up  
Lemon drop shots  
Gonna play hard  
Gonna take names  
Gonna last dollar gone  
Yeah, we're gonna make it rain

Yeah  
Here comes, here comes the thunder  
Here comes, here comes the thunder  
The boys a coming, better run for cover  
Here comes, here comes the thunder

Side by side  
Is how we roll  
Raise 'em up high  
Look out below  
Side by side  
Is how we roll  
Raise 'em up high  
Yeah here comes, here comes

Here comes, here comes the thunder  
Here comes, here comes the thunder  
Rolling, rolling, rolling, rolling, rolling  
We gonna throw it on down  
Rolling, rolling, rolling, rolling, rolling  
Better look out, better look out

Hey  
Here comes, here comes the thunder  
Here comes, here comes the thunder  
The boys a coming, better run for cover  
Here comes, here comes the thunder  
Here comes, here comes the thunder  
Here comes, here comes the thunder

Storms a coming, better run for cover  
Here comes, here comes the thunder

Side by side  
Is how we roll  
Raise 'em up high  
Look out below  
Side by side  
Is how we roll  
Raise 'em up high  
Yeah here comes the thunder

Rolling, rolling, rolling, rolling, rolling  
Here comes, here comes the thunder  
Rolling, rolling, rolling, rolling, rolling  
Here comes, here comes the thunder
