

# Loud

Tim Hicks

Gonna stomp our boots till the neighbors call the cops  
Gonna put that boom back into the old boombox  
Turn the dial way up to ten, then we'll turn it up again  
And wake up every house on the whole damn block

It's the calm before the storm  
Don't say I didn't warn ya  
This ain't no Sunday morning coming down

It's gonna get loud like a 12 gauge  
Like a shockwave shaking the ground  
Loud like a freight train  
Like the roar of a hometown crowd  
Get loud like the speedway  
Gonna blow these speakers on out  
It's the only way we know how  
No we ain't turning down

Gonna get loud  
Everybody get loud

How's that sound to you, sounds good to me  
When the sun drops down so low gonna rattle your teeth  
Now don't knock it till you try it  
Gonna start a riot in this peace and quiet  
Little town

It's gonna get loud like a 12 gauge  
Like a shockwave shaking the ground  
Loud like a freight train  
Like the roar of a hometown crowd  
Get loud like the speedway  
Gonna blow these speakers on out  
It's the only way we know how  
No we ain't turning down

Gonna get loud  
Everybody get loud  
Oh, get loud

Loud  
Get loud  
Everybody get loud  
We're gonna get loud

It's gonna get loud like a 12 gauge  
Like a shockwave shaking the ground  
Loud like a freight train  
Like the roar of a hometown crowd  
Get loud like the speedway  
Gonna blow these speakers on out  
It's the only way we know how  
No we ain't turning down

Gonna get loud  
Everybody get loud  
Oh, everybody get loud

Come on, get loud  
It's gonna get loud
