

One More

Tim Hicks

Everybody got things they want
Some want a lot of things
A big house up on a hill
Fast cars and shiny rings

I've bought my share of stuff
I've chased my share of dreams
But lately I've figured out
That all I really need is

One more sunrise
One more big blue sky
One more sunset
One more moonshine night
One more bonfire
One more cups up high
One more midnight kiss
One more sunrise

I'm workin' on steppin' back
Slowin' down the merry-go-round
While I'm on this side of the dirt I wanna
Keep both feet on the ground

Took a whole lot of long dark days
To get me to see the light now I
Just wanna keep waking up
With you by my side for

One more sunrise
One more big blue sky
One more sunset
One more moonshine night
One more bonfire
One more cups up high
One more midnight kiss
One more sunrise

One more blanket on a tailgate
On the outskirts of town
One more chance to say I love you
One more chance to lay you down

One more sunrise
One more big blue sky
One more sunset
One more moonshine night
One more bonfire
One more cups up high
One more midnight kiss
One more sunrise

Na na na na
Na na na na
Raise a cup up high
To one more sunrise
Na na na na

Na na na na
Raise a cup up high
To one more sunrise
