

Spills Over

Tim Hicks

It don't matter if it's been a minute
I run into you and we're right back in it
At a hole in the wall or a velvet rope downtown
We pretend like we can stop girl
But when we fill it up to the top girl
You know that we're gonna go for one more round

We always pour it on way too strong
Always wanna play one more song
Always wanna stay way too long
Baby, so much for clean break sober
Cause it spills over when we order last call shots
Spills over to the cab in the parking lot
Then it's your place or mine, your hair fallin' on my shoulder
Everytime that it spills over

Clothes on the floor and the vinyl turnin'
Whiskey kisses and the candles burnin'
Black label bottle passed out by the door

We always pour it on way too strong
Always wanna play one more song
Always wanna stay way too long
Baby, so much for clean break sober
Cause it spills over when we order last call shots
Spills over to the cab in the parking lot
Then it's your place or mine, your hair fallin' on my shoulder
Everytime that it spills over

Girl we're a habit that we both can't kick
We sure make a mess of this callin' it quits

We always pour it on way too strong
Always wanna play one more song
Always wanna stay way too long
Baby, so much for clean break sober
Cause it spills over when we order last call shots
Spills over to the cab in the parking lot
Then it's your place or mine, your hair fallin' on my shoulder
Everytime that it spills over

Yeah over and over and over and over
It spills over
