

# Won't Forget

Tim Hicks

Today it hit me  
I won't be young forever  
My best ain't getting better - that's alright  
I'm done with maybes  
It's up to me to make it happen  
I'll take my second chances and get 'em right

Drink the beer  
Roll the dice  
Kiss the girl  
Now do it twice  
Catch a buzz  
Stay up late  
No time to waste

So let's own the night  
Like we can't do it over  
We can't turn the clock and take it back  
Let's hold on tight  
We'll stay young and reckless  
Living our best life with no regrets  
Yeah, the nights we can't remember are the ones we won't forget  
Yeah, the nights we can't remember are the ones we won't forget

Yeah, the nights we can't remember are the ones we won't forget

I'm full throttle  
Don't wanna blink cuz I might miss it  
If it's a good time I want in it - fore it gets gone  
Pass the bottle  
It's all whiskey wine and stories  
It's bonfire country glory that goes on and on and on

So let's own the night  
Like we can't do it over  
We can't turn the clock and take it back  
Let's hold on tight  
We'll stay young and reckless  
Living our best life with no regrets  
Yeah, the nights we can't remember are the ones we won't forget  
Yeah, the nights we can't remember are the ones we won't forget

Drink the beer  
Roll the dice  
Kiss the girl  
Now do it twice  
Catch a buzz  
Stay up late  
No time to waste

So let's own the night  
Like we can't do it over  
We can't turn the clock and take it back  
Let's hold on tight  
We'll stay young and reckless  
Living our best life with no regrets  
Yeah, the nights we can't remember are the ones we won't forget

Yeah, the nights we can't remember are the ones we won't forget...

Yeah, the nights we can't remember are the ones we won't forget
