

Saviour's Song

Tim Hughes

This is Jesus, light of life eternal
In flesh and bones descending
You walked upon the earth

The creator humbled by creation
You kissed the world in mercy
Embraced us at the cross

Sing aloud the Saviour's song
Come worship Him
Come worship Him

Raise your hands and shout His name
Christ Jesus
Christ Jesus

It is finished, a rugged cross stands empty
Death has been defeated
This world is not the same

Sons are rising, all in adoring
Fill our hearts with wonder
Endless praise is Yours

Sing aloud the Saviour's song
Come worship Him
Come worship Him

Raise your hands and shout His name
Christ Jesus
Christ Jesus

For nothing is higher
No one is greater
Nothing compares to You

For nothing is higher
No one is greater
Nothing compares to You

Sing aloud the Saviour's song
Come worship Him
Come worship Him
Come worship Him
(Oh, how I love You)

Everybody worship Him
(Oh, how I adore You)
Yeah, worship Him
(Oh, how I need You)
We will worship Him

Sing aloud the Saviour's song
Come worship Him
Come worship Him

Raise your hands and shout His name

Christ Jesus
Christ Jesus

Oh, yeah-e-yeah
How I love
How I love
I love You
I love You
