

Set Apart

Tim Hughes

Back to our first love, nothing between us
Back to Your heart, to the start of it all
Where we found You
Out of the ashes, into the fire
You are refining our hearts in the flames
Of Your presence

Set apart for our God above
Set apart for the One we love
Set apart for Your glory
We are Yours, Yours

Sacred and holy, Your name is worthy
Jesus, awaken our hearts now to be
Your revival

Set apart for our God above
Set apart for the One we love
Set apart for Your glory
We are Yours, Yours

Everything for You alone
Everything to make You known
Set apart for Your glory
We are Yours, Yours

Oh, how great You are
Oh, how great You are
Oh, how great You are
Oh, how great You are
Oh, how great You are
Oh, how great You are
Oh, how great You are
Oh, how great You are
Oh, how great You are

Set apart for our God above
Set apart for the One we love
Set apart for Your glory
We are Yours, Yours

Everything for You alone
Everything to make You known
Set apart for Your glory
We are Yours, Yours
