

Sky High

Tim Hughes

Your love high above the galaxies
Your arms reaching out and holding me
All this, all this amazes me

You stand sovereign over earth and sea
You speak right into the depths of me
All this, all this amazes me

Your love is sky high
Reaching to the heavens
And is so wide
Reaching even me
God Your love goes on forever
God Your love my everything

You reign, endless in Your majesty
You're here, closer than the air I breathe
All this, all this amazes me

Your love is sky high
Reaching to the heavens
And is so wide
Reaching even me
God Your love goes on forever
God Your love my everything

Nothing could separate
Nothing could keep me from Your heart
Keep me from Your heart

Whatever comes my way
Nothing could keep me from Your heart
Keep me from Your heart

Your love is sky high
Reaching to the heavens
And is so wide
Reaching even me
God Your love goes on forever
God Your love my everything
Your love is sky high
Reaching to the heavens
And is so wide
Reaching even me
God Your love goes on forever
God Your love my everything
Yes, God Your love goes on forever
God Your love my everything

Holy are You Lord...
