

I don't know what to do
I don't know what to say
I know I feel that way
I want to marry you, girl
I bought you a diamond ring
I want to sign those papers
Come on, give me
Come on, give it to me
Come on, give me
I don't know what to do

I don't know what to say
I know I feel that way
I want to marry you, girl
I bought you a diamond ring
I want to sign those papers
Come on, give it to me
Come on, give me
Come on, give me, baby!
