

With No One Else Around

Tim Maia

You left me lonely and you left me thinking why
You do those things to me
Oh, no. I know your need sometime to realize
Oh waiting to settle down
To remind of you
Oh those years, oh those years

We lived together baby, oh baby
I can guarantee, only you and me
With no one else around
Just call my name, if you'll be the same
With no one else around
Oh, baby, oh baby
