Some people say I'm one of those guys with blessings in life overlooked

Sometimes I feel like the tatter torn pages of some old paperback book

All the places I've played and the money I've made Still I've got nothing to show

And the only thing that I have left in the whole wide world Is you

You put your whole life into somethin' you love and you never get that one big break

Gotta take you out of the back street bars and put you on center stage

But a million tears and a million beers have just about washed me up

And the only thing that I have left in the whole wide world is you

I gave it all I had every night for all these years pourin' out my soul

'Til it was gone

I spread myself so thin And I'm just barely hangin' on

But tonight I'm with you and you can carry me through

Just love me

'Cuz the only thing that I have left in the whole wide world is you

I gave it all I had every night for all these years

Pourin' out my soul til it was gone

I spread myself so thin and I'm just barely hangin' on

But tonight I'm with you and you can carry me through Just love me

'Cuz the only thing that I have left in the whole wide world Is you

Oh, is you
