

Old Town New

Tim McGraw

A7 **G**
On a lover's lee with a freeway view
A7
Sittin' on my hood
G
Thinkin' bout you
Em7
Going over in my mind
Em7
Every kiss and every fire
C
Yeah the fool on the hill
Dsus **D**
Is leading down another night

A7
There were days so hard
G
I thought I had to go
A7
I'd get in my car
G
And just follow the road
Em7
But this is my home
Em7
And it's who I am
C
And I know I'd stay
D **D/A B** **C**
If I could make this old town new again
G
Color other than blue again
D
I'd have something to do again
C **G**
Instead of thinking about you again
Em
But the people I know
D
The places I go
C
Remind me of you
G/B **A7**
Oh, somebody come around
D
And make this old town new
A7
There were nights so long
G
I thought the sun burned out
A7
And there were girls so wrong
G
I don't want to talk about
Em7
I was burning up the night

Em7

Yeah, in an alcohol flame

C

Lightin' up my way
