

## One Bad Habit

Tim McGraw

She don't drink whiskey much but I do  
She don't sit on old bar stools but I do  
I don't worry about where she's been  
I'm the only trouble she gets in  
She don't have tattoos on her skin, but I do

'Cause I'm her wild side  
The one crazy thing she does  
I hope she never quits me  
I hope she never gives me up  
Well, I'm a mile away from perfect  
If there's a curse word, man, I've cursed it  
I'm the only hell she's ever gonna raise  
The one bad habit I hope she never breaks

She could put me down like a cigarette  
If she wanted to  
Go and find somebody else  
If she wanted to  
Thank God, I'm her one addiction  
She ain't got around to kicking  
Hell, I couldn't blame her  
If she wanted to

I'm her wild side  
The one crazy thing she does  
I hope she never quits me  
I hope she never gives me up  
I'm a mile away from perfect  
If there's a curse word, man, I've cursed it  
I'm the only hell she's ever gonna raise  
The one bad habit I hope she never breaks

I hope she never breaks

Oh, I'm her wild side  
The one crazy thing she does  
I hope she never quits me  
I hope she never gives me up  
She knows I'm miles away from perfect  
If there's a curse word, man, I've cursed it  
I'm the only hell she's ever gonna raise  
The one bad habit  
Her one bad habit, man, I hope she never breaks  
I hope she never breaks

She don't drink whiskey much but I do
