

# Remember Me Well

Tim McGraw

I don't really know how we got here  
You wanna be somewhere but it's not here  
Tryna find a new corner of the blue clear sky  
Where you can disappear to  
You can drive fifty-five by the windmills  
See how a little different sun on your skin feels  
I don't know what you see through your windshield  
But when you look in your rearview

If you're gonna drink to me, drink tequila  
If you're gonna think of me, think of that balcony  
On the corner of 5th and Eviston  
Like we're back in that beach motel again  
It wasn't just wasted time we spent together  
We had a few moments worth forever  
If you're gonna love me, don't keep it to yourself  
If you're gonna hate me, tell me go to hell  
If you're gonna forget me, find someone else  
If you're gonna remember me, remember me well

I guess the heart only wants what the heart wants  
Even the best dreams run out of stardust  
Fire's gone but man we had a spark once  
I hold onto that  
And I hope you do too  
Don't know what else to do  
If it's over, it's over  
But when you look over your shoulder

If you're gonna drink to me, drink tequila  
If you're gonna think of me, think of that balcony  
On the corner of 5th and Eviston  
Like we're back in that beach motel again  
It wasn't just wasted time we spent together  
We had a few moments worth forever  
If you're gonna love me, don't keep it to yourself  
If you're gonna hate me, tell me go to hell  
If you're gonna forget me, find someone else  
If you're gonna remember me, remember me well

Somewhere down the road

If you're gonna drink to me, drink tequila  
If you're gonna think of me, think of that balcony  
On the corner of 5th and Eviston  
Like we're back in that beach motel again  
It wasn't just wasted time we spent together  
We had a few moments worth forever  
If you're gonna love me, don't keep it to yourself  
If you're gonna hate me, tell me go to hell  
If you're gonna forget me, find someone else  
If you're gonna remember me, remember me well  
Remember me well

I hope you remember me well, oh-oh  
Oh-oh

I hope you remember me well
