

# Dance

Tim McMorris

To the left, to the right  
From the day, to the night  
Come on, keep the music boomin'  
I'm feelin', feelin' alright

Got that happy thinkin'  
I'm happy, happy inside  
Livin' and I'm breathin'  
And happy to be alive

Got the pep in my step  
Got the get up and go  
Got the gimme', come on and gimme', gimme' gimme' some more

Feelin' fresh, and feelin' fly  
Like never ever before  
Bring it on up and bring it high  
Then bring it down to the floor

And

Turn the music up  
Let me feel the beat  
Let me feel the pulse  
Oh the sound so sweet  
With the light down low  
Let my cares just go

Riding on a wave  
Feeling merry-go-round  
Got the bumps on my skin  
Cause I'm lifted by the sound  
Like a never-ending love, I t's a perfect romance  
The music, oh it's got me in a trance

Dance!  
Dance!

Got my body movin'  
Yeah got my body groovin'  
Got me shake-a-shakin'  
I'm shakin' and bringing it back  
Breakin' it old school  
And makin' it my rule

Ridin' out the rhythm  
And keepin', keepin' my cool

Hands up, shout it out  
Music is what it's all about  
With the boom, boom  
Got it blowin' up the room

And there is no place I'd rather be  
But in this moment feeling free  
The beat it is the key  
A jump-start to my heart inside of me

Oh how the sound, hits me like a love potion  
Music got me moving like a wave that's in the ocean  
Bring it up fast then drop it down now in slow motion  
Breaking through, and flying high, with positive emotion

Give me that hypnotic, melodic, fantastic  
That will put a bounce in my step so I'm feeling gymnastic  
With snaps and twists, I fling my wrists  
And tap my toes, and shake my hips  
While throwin' up my fists, oh

Turn the music up  
Let me feel the beat  
Let me feel the pulse  
Oh the sound so sweet  
With the light down low  
Let my cares just go  
Got me in a trance

Dance!  
Dance!

Got my body movin'  
Got my body groovin'  
Got me shake-a-shakin'  
I just want to dance
