

Life is Beautiful

Tim McMorris

Hey now

Come on

Let's go

The music's playing

I've got

To move on

To go out

No more delaying

Pack my

Things up

Care free

Adventure's waiting

I'm heading out

Heading out to see the rest of the world

Yeah, yeah

So kick it up to stir it up

Alive will make you feel

Press reset with no regret

Make sure to keep it real

The possibilities, right in front of me

Oh all the things that I can be

Got me feeling free

Yeah

So turn it up and shout it out
Cause you got something to shout about
And let the world just spin around
As you go on and make more ground

And throw your hands up, ya put em up high
Walk a new path, and go on
And let the cares fly by

And if you take some time to ask me why
You always see me with a smile
I'll tell you that

Life is grand, life is great, life is good
Life is beautiful
Ya gotta give it all ya got
Everything you got to give
Time to shine, time to live

Life is grand, life is great, life is good
Life is beautiful
Now your living out your dream
With your hopes up high
Your only limit is the sky
Hey, hey, hey, hey

Standing in a brand new place
I feel the sun shine on my face
The weather's good, the day is bright
I watched it turn from dark to light

And keep the music going
Keep the good times rolling
And now I'll never let it stop
You'll only find me growing
Come on

Sing out a song
And don't be shy
Cause you'll never know
Till you give it a try
Colorful like a work of art
A brand new day, a brand new start

And once you go up, you'll never come down
Like your walking right on the air, with your feet far off the ground

And if I take some time to ask you why
I always see you with a smile
You'll tell me that

Life is grand, life is great, life is good
Life is beautiful
Ya gotta give it all ya got
Everything you got to give
Time to shine, time to live

Life is grand, life is great, life is good
Life is beautiful
Now your living out your dream
With your hopes up high
Your only limit is the sky
Hey, hey, hey, hey
