

Devil You Know

Tim Montana

There's a devil you know and a devil you don't
One's in your head and one's in your soul
All my life's been the same damn thing
Still chasing something I can't see
There's a devil you know and a devil you don't

I'm going outta my head, living my life on the ledge
I'm out here playing with fire, who's gonna save me tonight?
The devil you know or the devil you don't
The devil you know or the devil you don't

The lies that you tell, the secrets you keep
Live in the dark till you go to sleep
Keep singing those nightmare songs
Why won't these lights come on?

I'm going outta my head, living my life on the ledge
I'm out here playing with fire, who's gonna save me tonight?
The devil you know or the devil you don't
The devil you know or the devil you don't

I'm going outta my head, living my life on the ledge
I'm out here playing with fire, who's gonna save me tonight?

I'm going outta my head, living my life on the ledge
I'm out here playing with fire, who's gonna save me tonight?
The devil you know or the devil you don't
The devil you know or the devil you don't
