

Shut Me Out

Tim Montana

I'm past the point of giving up
That's what you gave me
I guess I never was enough
Go on and blame me

It's my fault, always is
Your poison, your last kiss

Love me, hate me
Break me, shut me out
Push me, pull me
Use me, tear me down
It's a little bit complicated
Out here alone, sedated
Love me, hate me
Break me, shut me out

I'm just a distant silhouette
That you've forgotten
Lost in a sea of old regrets
And I can't stop it

You found your closure
I'm out here fucked over

Love me, hate me
Break me, shut me out
Push me, pull me
Use me, tear me down
It's a little bit complicated
Out here alone, sedated
Love me, hate me
Break me, shut me out
Shut me out

Love me, hate me
Break me, shut me out
Push me, pull me
Use me, tear me down
It's a little bit complicated
Out here alone, sedated
Love me, hate me
Break me, shut me out
Shut me out
