

# Holy Unafraid

Tim Timmons

Greater are You God  
Who was, and is, and is to come  
Greater than the darkness  
In this world You overcome

We believe we are more than conquerors  
Jesus, victory is Yours  
We receive the gift You left for us

So we pray, pray, pray  
Would You shake our souls awake  
Holy Spirit open the gates  
You lead the way  
With power and strength  
You send us in Your name  
You're with us  
Now we are made  
Holy unafraid, holy unafraid

There's no one, nor thing, nor weapon  
Formed that will prevail  
With man it is impossible  
But You are stronger still

We believe we are more than conquerors  
Jesus, victory is Yours  
We receive the gift You left for us

So we pray, pray, pray  
Would You shake our souls awake  
Holy Spirit open the gates  
You lead the way  
With power and strength  
You send us in Your name  
You're with us  
Now we are made  
Holy unafraid, holy unafraid

In Your love that's wide enough  
We are holy  
By Your power inside of us  
We are unafraid

So we pray, pray, pray  
Would You shake our souls awake  
Holy Spirit open the gates  
You lead the way  
With power and strength  
You send us in Your name  
You're with us  
Now we are made  
Holy unafraid, holy unafraid  
Holy unafraid, holy unafraid
