

Like I've Been Changed

Tim Timmons

I've been livin' just like I'm lost
Broken down at the foot of the cross
Gettin' everything wrong
Tryin' to get everything right
I've been saved by amazing grace
But I keep livin' in the same dark place
Turning down the truth
Turning up the light

No more
I'm done
Right now
I'm moving on
I was meant for
Made for
Saved for
More than carrying all these chains
Help me stand up on my feet
And walk out from yesterday
Into all your joy and freedom
It's what I want to breathe in here today
I'm gonna live like I've been changed
Oh, been changed
Oh, been changed
Oh, changed

I wanna think a lot less about me
Want my heart to see what you see
When I seek you first,
Who knows what you will bring?
Oh Jesus turn me upside down
Shake my world till yours is found
Let my life show I believe
I was meant for
Made for
Saved for
More than carrying all these chains
Help me stand up on my feet
And walk out from yesterday
Into all your joy and freedom
It's what I want to breathe in here today
I'm gonna live like I've been changed
Oh, been changed
Oh, been changed
Oh, changed
Let your heart be my heart
Let your eyes be my eyes
Let your strength be my strength
Leave the old me behind
Let your heart be my heart
Let your eyes be my eyes
Let your strength be my strength
Leave the old me behind

No more
I'm done
I was meant for

Made for
Saved for
More than carrying all these chains
Help me stand up on my feet
And walk out from yesterday
Into all your joy and freedom
It's what I want to breathe in here today
I'm gonna live like I've been changed
Oh, been changed
Oh, been changed
Oh, changed
I'm gonna live like I've been changed
Oh, been changed
Oh, been changed
Oh, changed
I'm gonna live like I've been changed
