

## Amanama

Timati (Тимати)

Black Star, DJ Antoine, yeah, here we go now

Money I make, pockets can't break  
Pop champagne, everything's straight  
First class trips, high class chicks  
Men selling cars, high class whips  
We fall so hard in a shopping mall  
Price tags we never look it all  
Pay cash, or check or credit card  
It don't matter dogh cause we go! t it all  
We do it big never small  
I don't say too much cause money talks  
So going to check you at us  
Used to be staying at the Palms Atlantis  
Smocking shish with shish  
Stacey, Alyssa, Tracey, Teresa  
Turn the whole town, I want to believe in  
Auuuu let's go

If it ain't 'bout money, it don't make sense  
If it ain't 'bout money, it don't make sense  
And if it ain't 'bout money, It don't make sense  
And I'm just trying to get me some of their friends and dance  
And go like money money money  
And we'd be getting money money money  
And we'd be getting money money money  
And we'd be getting money money money  
If it ain't 'bout money, it don't make sense  
And if it ain't 'bout money, it don't make sense  
And if it ain't 'bout money, it don't make sense  
And if it ain't 'bout money, it don't make sense  
And I'm just trying to get me some of their friends and dance  
And go like money money money  
And we'd be getting money money money  
And we'd be getting money money money  
And we'd be getting money money money  
If it ain't 'bout money, it don't make sense

Yes, you should be very impressed  
When I pull up at in sea in my private jet  
Million dollar wrist wear, I never stress  
Spending money, 'cause every other day I collect  
More money than we got palm trees  
Cash days in my pocket like car keys  
Can't keep these model chicks on me  
Rolls Royce, Lamborghini and Ferrari  
I carry my chicks in these  
They're all living it good, getting whatever they need  
I say to prepare, that's why I put them in the street  
I got money like that, yes indeed  
I have to shut them all down 'cause we owned it  
If you wanna do it big, look at how we're rolling  
Bugatti EB made out of gold  
And it does what it told you to go down

If it ain't 'bout money, it don't make sense  
If it ain't 'bout money, it don't make sense

And if it ain't 'bout money, It don't make sense  
And I'm just trying to get me some of their friends and dance  
And go like money money money  
And we'd be getting money money money  
And we'd be getting money money money  
And we'd be getting money money money  
If it ain't 'bout money, it don't make sense  
And if it ain't 'bout money, it don't make sense  
And if it ain't 'bout money, it don't make sense  
And if it ain't 'bout money, it don't make sense  
And I'm just trying to get me some of their friends and dance  
And go like money money money  
And we'd be getting money money money  
And we'd be getting money money money  
And we'd be getting money money money  
Uh yeah
