She freaking on the speakers  
If she down with a team  
She could be a keeper  
If you're sexy and you know it  
And you ain't afraid to show it  
If you're sexy and you know it  
And you ain't afraid to don't insane

I see you're watching me  
But come and get some  
Don't be shy baby  
'Cause I got what you like

She bottle fuckin'

Her hands are high

Then blows a kiss  
Her eyes are closed  
She makes a wish  
She bumps her  
Fists and takes your bitch

The alcohol to blame  
Won't remember what happened  
If you're sexy and you know it  
And you ain't afraid to show it
