Ready?

You can call me when you need me  
I'll be right there (I'm gonna love you)  
It don't matter what you look like  
Where you from, 'cause (I'm gonna love you)

Yeah, yeah, I'm gonna love you  
Oh, yeah, I'm gonna love you  
Yeah, yeah, I'm gonna love you  
Oh, yeah, I'm gonna love you

Give a kiss, give a hug  
There's no reason not to show love  
With a beast, stop crying  
You can count on me to fight it  
Lend a hand, help a friend  
What's the reason?  
Tell me why we're fighting  
Well, we could all be happy  
We take it all for granted

You can call me when you need me  
I'll be right there (I'm gonna love you)  
It don't matter what you look like  
Where you from, 'cause (I'm gonna love you)

Yeah, yeah, I'm gonna love you  
Oh, yeah, I'm gonna love you  
Yeah, yeah, I'm gonna love you  
Oh, yeah, I'm gonna love you

Please save the babies  
Black, white, yellow stop  
All of the maybes  
Hatin', crazy  
All a brother needed  
Was a lil' push  
You're so quick to push me  
Right off the edge  
Write my name in red  
Write me off as dead

Same of the lever  
They deliver  
We keep on sippin' Patron  
Forget about the liver  
I was born at the top of the world  
Now I travel 'round the globe  
Showing love to the world

Who cares about the kids  
They on drugs

Little young girls  
Selling their bodies  
For love, see  
We still got grown-ass men  
In slavery  
God please save us  
Make us all one, please

You can call me when you need me  
I'll be right there (I'm gonna love you)  
It don't matter what you look like  
Where you from, 'cause (I'm gonna love you)

Yeah, yeah, I'm gonna love you  
Oh, yeah, I'm gonna love you  
Yeah, yeah, I'm gonna love you  
Oh, yeah, I'm gonna love you

Every single day I wake up  
I'm always ready and willing  
Always focused on my grind  
And I hope you feel what I'm feelin'  
So much thoughts be on my mind  
Goin' through my process of building  
Every moment, I'ma shine  
'Cause I'm doin' this for my children  
See the things I used to do  
I was told could be self-destructive  
Mommy beat me in the head  
Till the things I did was productive  
Why I count my every blessing  
Tryna spread the love equal  
And lead by good example  
I'll always inspire people

You can call me when you need me  
I'll be right there (I'm gonna love you)  
It don't matter what you look like  
Where you from, 'cause (I'm gonna love you)

Yeah, yeah, I'm gonna love you  
Oh, yeah, I'm gonna love you  
Yeah, yeah, I'm gonna love you  
Oh, yeah, I'm gonna love you

It's time to rid the world  
Of wars  
Hunger and disease  
If we all come together  
For the future of our kids  
To make it easier for them to live

What happened to little kids  
Playing on the streets?  
Old folks stepping to the beat  
I hear the heartbeat of the world  
Is getting stronger  
I can feel it right now  
Yeah, I can feel it right here  
Can you?  
I can feel it

You can call me when you need me

I'll be right there (I'm gonna love you)  
It don't matter what you look like  
Where you from, 'cause (I'm gonna love you)

Yeah, yeah, I'm gonna love you  
Oh, yeah I'm gonna love you  
Yeah, yeah, I'm gonna love you  
Oh, yeah I'm gonna love you
