

Sexy Bitch

Timati (Тимати)

Check it out
I was off in the club and I swear I've never seen nothing so cleaner
I was sippin' on this, she was sippin' on that, stirring it her finger
Body tight with the booty so right
Just might put a ring on her finger
Throw her in the drop top, take her to the crib
Show me what a sexy bitch give now

I'm the sexy bitch
Watch who you messin' with
Boy, don't get yourself in trouble tonight, tonight
You's a sexy bitch
Like what you workin' with
Just don't get yourself in trouble tonight, tonight

I see her lookin' like, "What's next now?"
Fuck it, that just might take her to the hotel
Flip it over, beat it up, pin her down
With a pole comin' down, straight fireman style
She's a bad bitch, she could get it right now
Please don't ask what I'm spendin' right now
Money flyin' in air, she's struttin' it, damn
In the pants, oh, my God, she's rubbin' it
Sweat on her chest, mami staring me down
She don't really know who she fuckin' with now
Go and go home, head it straight for the inside
But in the law, I better got my inside
Body tight with a booty so right
Just might put a ring on her finger
Throw her in the drop top, take her to the crib
Show me what a sexy bitch give now (Oh, yeah)

I'm the sexy bitch
Watch who you messin' with
Boy, don't get yourself in trouble tonight, tonight
You's a sexy bitch
Like what you workin' with
Just don't get yourself in trouble tonight, tonight

Baby, let's go, ready to blow this spot
You tryna go hard, get caught up
You want a sip of this in my cup
Come, get it girl, let me rubbin' your butt

Baby, let's go, ready to blow this spot

Ready to share with you forever, that's right
Under this half moon
Right now ain't too soon
Watchin' your every move
So I can love you
