Lord Father, I salute by Your grace
Nothing is impossible for You, Baba You're great
Life is always smooth when I'm moving at Your pace
No one loves me like You do, Father, Lord, there's no debate
Anytime I'm full a stressing, I take a step back
And I remember all the blessings through all the transgressions
Yeah, I'm grateful
Even when they say there's no hope, I stay faithful
'Cause Lord, You are graceful
You lift me up whenever they try to bring me down
You forever reign, Father, Lord, nobody take Your crown
That's why You see me moving cool 'cause I know You got it
Day to day I'm making progress in Your name, Lord
Covered by Your favour, there's power in what You say, Lord
Thankful that Your blessings dey follow me, dey find me
Lord, You refined me so that You could define me

Blessings dey follow me
Blessings dey find me
Blessings dey come my way
Blessings dey follow me
Blessings dey find me
Blessings dey come my way

Blessings dey follow me
Blessings dey find me
Blessings dey come my way
