So fine and she black like Coca-Cola  
Oh, I no waste time me I call her  
Then she staff my phone, spit her finger cola  
Oh, oh, oh

She ask me what's my occupation  
I tell am said, "I sing song for my nation"

Eh, she no know who I be  
I no know who she be  
But she tell me say  
She wanna hear my whole song  
I no know who she be

She no know who I be  
I know that you wanna hear me say

An eye for an eye and a good for a good  
Do anything for you, do it, I must defy  
Anything that you do will go back to you  
Make you understand say me I no send you
