

N 2 Da Music

Timbaland & Magoo

Uh, ah, haha uh, ah
C'mon, What we got right here
Is that feel good music y'all
Uh, [harmonizing], c'mon

When I'm chillin in my neighbor's shade
Watchin the ocean from a balcony
And I love the sound of the waves
And I love it like that, cause to me this is how I get away

Ha, so what you gonna do girl, what you gonna do

Outside with my TV on, cell phone on, the radio on
Cause I wanna get into the music
(I get into the music) (ho)

Outside with my TV on, cell phone on, the radio on
Cause I wanna get into the music
(I get into the music) (c'mon)

And it feel so good
It's like blood flowin to my veins
(It's like blood flowin to my veins)

And it feel so good
It's like blood flowing to my veins

Alright now, let's take it to the bridge
(Ho) It's Timbaland I'm back (uh huh ...)
with another one you can dance, so you can relax (woo, woo ...)
My music moves you wherever you at
I play it loud, to move the crowd, I like it like that (c'mon, c'mon ...)
I know you feel the vibe, from the club to your clothes
and you'll still decide I love it
Everytime I get 'em a ride
I drop the top, turn the volume up and put it in drive
Me and Aaliyah did +One In A Million+
When Ginuwine dropped +Pony+ was the one that I'm feelin
Hey, we havin a party, come through with your crew
Turn up the feel good, do what you do

Yeah, when I'm feelin lost and hurt, you can soothe my soul
You was there for me, music
I was goin out of control, 'til I heard Marvin Gaye
"Now it ain't a mountain high enough, when time is rough"
I turn to you, yeah
Believe it or not, I learned from you, yeah
All of my soul, I bear to you
Your not a painkiller, but I think a snare'll do the trick
And I just wanna lose myself in you
I gained all my health and my wealth from you
I started thinkin me and you was just a phase
Now I can't count the days
