I want you right away
Two hands tied up
I make you work for me
(I make you work for)
Won't give you time of day
It can't be all on me
(It can't be)
(It can't be)

I don't wanna wait
Show me what you're made of
I don't wanna wait...
For ya!

I don't wanna wait
Show me what you're made of
I don't wanna wait...
For ya!
