

# Fantasy

Timbaland

Let me show you, boy  
Ha, are you ready?

Fantasy (oh)  
It could be, (oh), good and we  
(I was just thinkin' about you)  
Wildest thing (you have) ever dreamed, (boy)  
(So, what will it be?)

Just lookin' at you, shorty, lights a flame inside (inside)  
I'm wondering if you can come and help put out the fire (fire)  
But you can get at me, baby; tell me what you like  
'Cause I can be your all-boy, I can be your love toy  
If you ain't busy, baby, I'm all yours tonight (tonight)  
Let imagination take us for a field in mines  
Travelin' in a dream (dream) we can bring something to life  
That no one's ever seen yet, can I?

Show you what it's like beyond your fantasy (oh)  
It could be (so) good, and we  
Might just get it hot up in the  
Wildest thang (you have) ever dreamed, boy  
Let me show you what it's like beyond your fantasy  
It could be (so) good, and we  
Might just get it hot up in the  
Wildest thang (you have) ever dreamed, boy

'Cause think of all the tasty things that we can try (try)  
The karma you can have being within, Money can buy  
(Ho, ho, ho, ho)  
We ain't even gotta keep it quiet, boy; all my walls are sound proof  
I can scream your name, boo (oh)  
Let me tell ya house (how) we will not disturb  
I found a place; our Neighbors - you get all that you deserve  
Boy, I got it somewhere if you can conjure up the nerve  
To come see what it feels like, can I?

Touch it, touch it, feel it, roll around it; and, if you like  
Taste it, taste it, and embrace it again a second time  
Don't you waste it; you'll regret it 'cause I can satisfy  
Any fantasy that you can come with, can I?

Let me show you what it's like beyond your fantasy (oh)  
It could be (so) good, and we  
Might just get it hot up in the  
Wildest thang (you have) ever dreamed, boy
