

# Smile

Timbaland

Through the rain or shine, I'll be there when you call me  
(There when you call me)  
You're my favorite song that I sing in the morning  
You're the cream to my coffee  
You're the sound of my heart beat  
Baby you're that one I can't lose  
Cause I got that winner, can't lose if I got you here  
Oh, I would climb or move any day that you ask me  
Need no parachute, cause your loves gonna catch me  
If you're there then I'm happy  
If you're not then I'm crappy  
You make everything better  
When it pours baby you're my umbrella  
Even on my worst day

I know that we gon' make it when I see you smile  
See you smile  
Yeah, I know that we gon' make it when I see you smile  
So let me turn that frown upside down  
Let's just toast to love that we found, yeah  
Cause I know that we gon' make it when I see you smile  
See you smile

Oh, when the chips are down, I'd bid you all that I got  
With your poker face, we can still hit the jackpot  
Then we ball 'til we cash out, then we ball 'til we cash out  
I ain't leaving you never, I ain't lea-lea-leaving you never, never  
Oh when I need a lift baby, you never let me down  
And when I fall off you put me right back together now  
Put me right back together now, put me right back together now  
I ain't leaving you never, I ain't lea-lea-leaving you never  
Even on my worst day

I know that we gon' make it when I see you smile  
See you smile  
Yeah, I know that we gon' make it when I see you smile  
So let me turn that frown upside down  
Let's just toast to love that we found, yeah  
Cause I know that we gon' make it when I see you smile  
See you smile

When I see you smile  
When I see you smile  
See you smile  
(Come on y'all, everybody out there just clap your hands, let me hear you say  
y)  
When I see you smile  
When I see you smile  
When I see you smile  
When I see you smile  
(If you got something to smile about, put your hands up in the air, put your  
hands up in the air, let me hear you say)  
See you smile  
When I see you smile  
When I see you smile  
When I see you smile  
When I see you smile

(Put your hands up in the air, put your hands up in the air, in the air, let  
me hear you say)

See you smile

When I see you smile

When I see you smile

When I see you smile

When I see you smile

See you smile

When I see you smile

When I see you smile

When I see you smile

When I see you smile

See you smile

When I see you smile

When I see you smile
