

Stops

Timber Timbre

To the fellowship of disintents
The satanic majesty's request
The lowest order consequence
By constellation's insolence

The Judas trifling advance
A treason of Americans
A Rolodex of champions
Collected for this telegram

You can't be here, now
(Oooo stop)
You can't see her, now
(Oooo stop)
There's no "we" here, now
(Oooo stop)
It's what we hear now
(Oooo stop)

You can't be here, now
(Oooo stop)
You can't see her, now
(Oooo stop)
There's no "we" here, now
(Oooo stop)
It's what we hear now
(Oooo stop)

Well fool me one time, shame on thee
Fool me twice, that shame's on me
But three times must be blamed on "we"
It's shameful fool, so useful glee

Ingratiated witnesses
All heroes to the genesis
No one's walked the voice shall not transgress
But uphold the codes of consciousness

And no one a song will sound from there
But no good love will ever breathe this air
There's no truly good deeds done by you
And no sin is a song, the way you do

You can't be here, now
(Oooo stop)
You can't see her, now
(Oooo stop)
There's no "we" here, now
(Oooo stop)
It's what we hear now
(Oooo stop)

You can't be here, now
(Oooo stop)
You can't see her, now
(Oooo stop)
There's no "we" here, now

(Oooo stop)
It's what we hear now
(Oooo stop)

You can't be here, now
(Oooo stop)
You can't see her, now
(Oooo stop)
There's no "we" here, now
(Oooo stop)
It's what we hear now
(Oooo stop)

You can't be here, now
(Oooo stop)
You can't see her, now
(Oooo stop)
There's no "we" here, now
(Oooo stop)
It's what we hear now
(Oooo stop)

You can't be here, now
(Oooo stop)
You can't see her, now
(Oooo stop)
There's no "we" here, now
(Oooo stop)
It's what we hear now
(Oooo stop)
