

One Way Or Another

Time Again

I looked back to all those years, phone calls shrouded in my mother's tears

Stolen cars and behind bars, and my left arm that is covered in scars

You came in and fed lies, heartless coward foreign spy

All you said with liar's tongue, no surprise you got no one

You burnt a bridge that will not mend, lose me a true friend

I was there when no one was, had your back out of love

And what'd you do, you traded sides, now I laugh as you die

Don't you see, don't you see, don't you see your treachery?

One way or another, get by on each other

Roadblocks and stops don't bother me

One way or another, get by on each other

Roadblocks and stops don't bother me

Don't bother me

Now the time, the time has come, it's the time for me my son

We will go and live our life, my wounded back it's from your knife

You dug it deep, not deep enough, this old soul is mighty tough

It's a heart that's made of steel, black and burnt but it will heal

No matter what I have my brothers, through rough times we have each other

Good and bad and black and blue, I got my boys I got my crew

They won't bail when times get tough, they'll stand by me no matter what

Don't you see, don't you see, don't you see your treachery?

One way or another, get by on each other

Roadblocks and stops don't bother me

One way or another, get by on each other

Roadblocks and stops don't bother me

Don't bother me

One way or another, get by on each other

Roadblocks and stops don't bother me

One way or another, get by on each other

Roadblocks and stops don't bother me
