

# Booty Call

Timeflies

Late night text, I'mma flex on you later  
New scene, let's give you dance like it's catered  
Upside down, baby, I'm a innovator  
This that go on, wake the neighbors

Cause when you hear my phone when, uh, I'm all alone  
Well, baby, that's just called I know what you need

She's on that 4 am, she not looking for sleep  
I'll meet you anywhere that you need me to be  
She got that oh my god, got me ready to preach  
I know just what you're trying to do to me  
(What's that?)  
She wanna booty call your love (I'm all about it)  
She wanna booty call your love (She know she got it)  
She wanna booty call your love

One man show, you know I'm a entertainer  
Up all night, she riding pipe like a skater  
All 'bout that bass, I work you out, no trainer  
Text me, I be over like you got me on retainer

Cause when you hear my phone when, uh, I'm all alone  
Well, baby, that's just called I know what you need

She's on that 4 am, she not looking for sleep  
I'll meet you anywhere that you need me to be  
She got that oh my god, got me ready to preach  
I know just what you're trying to do to me  
(What's that?)  
She wanna booty call your love (I'm all about it)  
She wanna booty call your love (She know she got it)  
She wanna booty call your love (I'm all about it)  
She wanna booty call your love (She know she got it)  
She wanna booty call your love

Let's keep it on the low, low  
Down whenever you text me  
Nobody gotta know, know  
What we do when you sex me  
What up, hey, wanna come through?  
I'm the OG of emojis  
I do anything and everything that I want on you  
So I know whenever she up late

She's on that 4 am, she not looking for sleep  
I'll meet you anywhere that you need me to be  
She got that oh my god, got me ready to preach  
I know just what you're trying to do to me  
(What's that?)  
She wanna booty call your love (I'm all about it)  
She wanna booty call your love (She know she got it)  
She wanna booty call your love (I'm all about it)  
She wanna booty call your love (She know she got it)  
She wanna booty call your love
