

Burnin' It Down

Timeflies

You slip your finger through the tear in my t-shirt
You stirrin' up dirty in the back of my mind
You keep on flirtin' cause you know that it's workin'
You stuck in my head girl writing the lines
Couldn't sing this song without you if I tried
Let's light it up like it's our last night

We're just hanging around
Burnin' it down
Sippin' on some cold Jack Daniel's
Jammin' to some old Alabama with you, baby
Laying right here naked in my bed
I'm just doing my thing
You love it when I sing
Say it makes you feel like an angel
We about to get a little tangled up right about now
So girl let's keep burnin' it down
Let's keep burnin' it down

Girl when you want it, you know that I'm on it
You know that I love lovin' up on you
Let's hit the switch and let our shadows dance
And light it up like it's our last chance

We're just hanging around
Burnin' it down
Sippin' on some cold Jack Daniel's
Jammin' to some old Alabama with you, baby
Laying right here naked in my bed
I'm just doing my thing
You love it when I sing
Say it makes you feel like an angel
We about to get a little tangled up right about now
So girl let's keep burnin' it down

Better call
Shorty fire burnin' on the dance floor
Whoa
I got to cool her down
She won't bring the roof to ground on the dance floor
Whoa

I'm a fire starter, I'm going harder than ever
I got my crew with me, you know that we burnin' whenever
It's like, we run this town get in trouble but we never learn
Put up on some Usher then you know we had to let it burn

We're just hanging around
Burnin' it down
Sippin' on some cold Jack Daniel's
Jammin' to some old Alabama with you baby
Laying right here naked in my bed
I'm just doing my thing
You love it when I sing
Say it makes you feel like an angel
We about to get a little tangled up right about now
So girl let's keep burnin' it down

Let's keep burnin' it down, yeah
We keep burnin' it down
So girl let's keep burnin' it down
Whoa oh oh
Burnin' it down
So girl let's keep burnin' it down
We keep burnin' it down
