

Doin' It Right

Timeflies

Doin' it right
Everybody will be dancin'
And we feelin' it right
Everybody will be dancin'
And be doin' it right
Everybody will be dancin'
When we're feelin' all right
Everybody will be dancin' tonight
Doin' it right
Everybody will be dancin'
And we feelin' it right
Everybody will be dancin'
And be doin' it right
Everybody will be dancin'
When we're feelin' all right
Everybody will be dancin' tonight

Yeah, on Tuesday

Uh, 'fore we lost in the crowd
'Fore it get s too loud
'Fore we turn this place out
'Cause this is what happens now
Ahah, aye
Story, I'm on the run
Gettin' lost in the sun, yeah
This is what it is
When you do it like this
Baby, this is how I live but I
Saw you you from accros the way
Tellin' you, baby, well I got today
This is, live it up, yeah
Do it like this
Imma pour it off some bottles
Grab a broom at the wrist
This is livin; in the suite, yeah
Livin' it up
'Cause I been tellin' you for days
I ain't givin' a fuck
And this is life
And take the best of y'all
And we be doin' it right
Like a festival
And they said...

In the club gettin' tipsy
Couple girls gettin' frisky
You could pour a shot of Patron or some Vodka
Make sure you pour me some whiskey
See, I was in the back room, yeah
You say you'll be back soon
But I, I know where you are
You with your girlfriends
Always standin' in a line for the bathroom
Studderin', I'm utterin'
Topics just off the brain
'Cause I stepped up in the club

And I'm messin' when insane
'Cause I'm turnt up and burnt up
But have you had enough?
'Cause I go and get rough
I could tell you
When it's true in a life
And if you screwin' it right
The mother fuckers
Imma tell you that your doin' it right
Neh, yeah, this is your chance
To Daft Punk style
Go and loose yourself to dance
I been tellin' ya that we...

Sun rays
Never feelin' Mondays
I been livin' life one way
Goin' in practice what I preach
What I aim, what I reach
I be out here
Lyin' in the cold on the beach 'cause
It's all a mindset
It's what you gotta give
It's a hundred times
You gotta stay positive
This is doin' that
This is livin' life
If you comin' with me, baby
Then you doin' it right
I said we be doin' it right
