

Genie

Timeflies

Slow down, no rush, I'm just tryna post up
Champagne, so buzzed, so drunk, so what?
So down, no fucks given, what's the hold up?
Gotta throw my ice and give it to me so rough
Looking back, okay, it's already over
Black dress, red bottom, diamond on a choker
Looking back, dress slipping off her shoulder
And she start to whisper, "Baby, lean a little closer"
Okay, she got me dreaming a genie
I think I love her like Lucy
We own the night like the TV, ya know
We order dirty martinis
And then we keep the neighbors up at night, sorry, Mr. Feeny
Melting like butter, when I flutter, m-m-make you stutter
We go under covers
Making record numbers on each other
Got me crazy, everywhere that she kisses
She tell me it's delicious
Then she grant me three wishes

If you wanna be with me, baby, there's a price to pay
I'm a genie in a bottle, you gotta rub me the right way
If you wanna be with me, I can make your wish come true
You gotta make a big impression, I gotta like what you do

I'm a genie in a bottle baby
You gotta rub me the right way, honey
I'm a genie in a bottle baby
Come, come, come on and let me out
I'm a genie in a bottle baby
You gotta rub me the right way, honey
I'm a genie in a bottle baby
I'm a genie in a bottle baby

L-L-Let me set the scene
Eyes locked from the mezzanine
I don't want no drama queen
Give me Katniss Everdeen
Ooh, she look forever bad
Smoking on some evergreen
Scratches down my back
Feels like I'm fucking Wolverine
Body like milk, more Ovaltine please
I'm a walking call to prayers
Girls just dropping they knees
Let me spread it in the morning like Philly cream cheese
God bless me, it's like my whole life been sneezed

If you wanna be with me, baby, there's a price to pay
I'm a genie in a bottle, you gotta rub me the right way
If you wanna be with me, I can make your wish come true
You gotta make a big impression, I gotta like what you do

I'mma rub you the right way

Come, come, come on and...
I'm a genie, genie, I-I-I'm a genie, genie

I'm a genie, genie in a bottle, baby
Come, come, come on and let me out
