

## Let It Go

Timeflies

Let it go, let it go right  
Seven dwarves, what thinkin' Snow White  
And you was lookin' for a freak I was lookin' for a beauty  
I'm a mother fuckin' beast  
Will I last long  
look at every flaw when it's smashed on  
fucked so many belles they could probably call me Gaston  
Yeah, say true, lead me to the bird Zazu  
And I'm lookin' on the floor so edible  
You be lookin' at me like is that Mr. incredible  
Yeah you know you got me  
You should go and call me  
An all the people yelling out like WALL-E  
And I ain't even needa  
That ain't a thugs life  
This is me crawlin' on it  
This a bugs life  
Yeah, After Hours, yeah you should go and sing  
Cuz I'm a fuckin' beast, I'm a lion king

Let it go, let it go  
Cant hold it back anymore  
Let it go, let it go  
Turn away and slam the door  
I don't care what there going to say  
Let the storm rage on  
The cold never bothered me anyways

Yeah summer time flow bring a tiki  
You need wisdom? Ill be Rafiki  
I'll take ya, I'm comin' with ya  
I'll raise you up slow like I did with Simba  
Ill show you what you could be  
What you should be  
Toy story, I'm woody  
I'll take you there like I'm chosen  
Keep it locked right here straight frozen  
Cuz when I'm on the track you know baby I don't give a damn  
I ain't never growing up that's why they call me peter pan  
Like another beat I be smashin'  
I could be Aladdin, you could be Jasmine  
And you could be my whole new girl  
I could show you to a whole new world  
Yeah be Mulan I don't give a damn  
I just need to go and be your man

Let it go, let it go  
Cant hold it back anymore  
Let it go, let it go  
Turn away and slam the door  
I don't care what there going to say  
Let the storm rage on  
The cold never bothered me anyways

Let me show you what it can be  
Just trying to raise a little doe no Bambi  
Back then when I free

Little mermaid flow I took you under the sea  
And I could do it like that do it still  
Yeah where my dogs at no Cruella de Vil  
This is where I gotta get it  
You know where the flow at  
After hours had to go and let it go like

Let it go, let it go  
Cant hold it back anymore  
Let it go, let it go  
Turn away and slam the door  
I don't care what there going to say  
Let the storm rage on  
The cold never bothered me anyways
