

Never grow up

Timeflies

Let me inject a little knowledge in
And tell the people out there how I got my collagen
It took a while, yeah, to get through this
But I love this college shit like Gaga loves Judas
From the minute that I showed up
I kept the drinks flowin and the rest rolled up
Now I am sittin here wishin time had slowed up
Cause it seems this Rugrat is finally All Grow'd Up

No Way

I had only just arrived
Time to figure out how ima turn these four years into five
Huntin for biddies, yeah you know I mack around
Never thinkin for a second that I'd rock a cap and gown, yeah
Cause this journey is something I ain't never planned
I'll be killin hooks I am never leavin Neverland
Wave goodbye to all the ladies that I left here
Shit I'm short a class? Fuck it, see ya next year-

(Chorus)

So instead of growin up, we just throw down
And I never knew how much I would miss this town
Like, never never grow, never never never grow
Never never grow up
And I don't know where, I can't say when
But I know it won't be long til we at it again
singin, never never grow, never never never grow
I'll never never grow up, not me

[enter Loggy]

Bell rings
Get yo degrees is what that means
But what the hell man I thought that it was summertime
I'm seein people jump in line
Signing up for classes while I'm asking for another lime
Cause my Corona's gettin lonely
And I'm just hangin loose, no job interviews
Cause I spend my afternoons skinny dipping in the fountain of youth, cmon

And I keep hearin are you ready for the real life?
Audition for the Real World that'd be real nice
Tellin it tellin it, even when I'm always spellin it
Ain't no J-O-B for me they got me yellin it
I'm sorry, I'm not enjoyin the majority
Yeah, cause stayin young is meaning more to me
Knew so many girls I could've started a sorority
But Ima go explorin cause this college shit is boring me!

(Chorus)

So instead of growin up, we just throw down
And I never knew how much I would miss this town
Like, never never grow, never never never grow
Never never grow up
And I don't know where, I can't say when
But I know it won't be long til we at it again

singin, never never grow, never never never grow
I'll never never grow up, not me

Look, backwards hat went to class when I had to
Walked in and they're like, "Who the fuck is that dude?"
Lame-ass teachers always tried to give me hassle
Cause they didn't get play in college like Matt Cassel
Look at me teach, I'm gettin the last laugh
Got the diploma and I'm takin over frat rap
yeah, But really though, the weekends only got better
Couldn't wait for Friday, hey Rebecca

Athletics were dope, but I wanted fun too
So I was the drunk dude, sittin in the lunch room
Drinkin coke, with just a couple of shots in it
Tryin not to be obvious, but was the opposite
Fuck it though, I guess I never want to leave
Ferris Bueller, I got something clever up my sleeve
I said peace to Duke and then became a rapper
Hit up Georgetown, to cop a fuckin Master's

(Chorus)

So instead of growin up, we just throw down
And I never knew how much I would miss this town
Like, never never grow, never never never grow
Never never grow up
And I don't know where, I can't say when
But I know it won't be long til we at it again
singin, never never grow, never never never grow
I'll never never grow up, not me

Show em how we do this shit scotched up
No I'm never growin up
