

Pompeii

Timeflies

I was left to my own devices
Many days fell away with nothing to show

And the walls kept tumbling down in this city that we love
Great clouds roll over the hill bringing darkness from above
But if you close your eyes
Does it almost feel like nothing change at all?

And if you close your eyes
Does it almost feel like you've been here before?
We were caught up
And lost in all of our vices
In your pose
As the dust settles around us

And the walls kept tumbling down in this city that we love
Great clouds roll over the hills bringing darkness from above

But if you close your eyes
Does it almost feel like nothing change at all?
And if you close your eyes
Does it almost feel like you've been here before?

'Cause it's too cold
For you here and now
So let me hold
Both your hands
In the holes of my sweater
I'm feelin' now

Takin' never better
See, it's cloud outside
Gimme some of that sweater weather
Feel's like we're never stopping this

Rez make some heat
And go and drop to this
Instead of bein' stuck
In this snowpocalypse
I got this

If you close your eyes
Does it almost feel like nothing change at all?
And if you close your eyes
Does it almost feel like you've been here before?

Does it almost feel like you've been here before?
