

Stuck With Me

Timeflies

Open up the shades, sun is on the way
Come over and lay, what are you afraid of?
Expressions on your face easily explain
Your worry 'bout the fame
I won't let it change us

And I won't tell you no lie
(Don't you worry, don't you worry...)

Cause baby, you are stuck
You are stuck with me

Thank God every day for how you were made
Naturally engage, you don't need the makeup
Every given shape, I could illustrate
Your body on the page, I could not erase love

And I won't tell you no lie
(Don't you worry, don't you worry...)

Cause baby, you are stuck
You are stuck with me

At first you try to fight it
Feelings you could find no way of hiding
And then you're always worried bout the timing, is it right?
But you know that you're always on my mind
And to tell you the truth
Well I'd be lying if I didn't tell you, baby
You know I'm in this for life

Cause baby, you are stuck
You are stuck with me
You are stuck with me

Open up the shades
Sun is on the way
