

The beggining

Timeflies

Back to the beginning it is, yeah
Who wouldn't wanna start again?
I know whatever it is, that
You're gonna wanna play pretend
But I don't know what I did wrong
Girl you knew that I'd be gone
Uh, but that was in the past
So come on baby
'Cause it's been too long
Yeah, you thought that when I got home
All these feelings would just come right back
But girl you make it hard
When you come up in the club
And you're lookin' like that
Maybe I ran a little too fast
And I didn't let you know
Maybe I messed everything up
I never shoulda' let you go
What if you're the one I've wanted all along?

(Chorus)

Just find me back at the beginning
Don't break
Just find me back at the beginning
Before you take the best of me
The best of me
Cold hands heart beat and
You were like the summer warm but fleeting
How you changed to me
How you change me

Now that I see you again, yeah
Girl I'm tryna' put you on
I see you workin' it down and
Now she telling' me that this her song
Baby we should hit the floor
I don't know what we're talkin' for
'Cause I'm about ready to get it
So where we're headed girl
I'ma let you give me more
And I want you to show me
What it is I been missing out
On all this time
'Cause since you walked in the club
I haven't been able to get you off my mind
Baby give me one more chance
To try and go and make things right
'Cause damnit you know
I want you bad
So gimme just one more night
Maybe you're the one I've wanted all along

(Chorus)

Just find me back at the beginning
Don't break
Just find me back at the beginning
Before you take the best of me

The best of me
Cold hands heart beat and
You were like the summer warm but fleeting
How you changed to me
How you change me

You don't know
What you'll get
Love won't heal
Your regret

Change, the reason I'm lost to me
Whoever you may be
Sittin' across from me
We owned it
Now drop the apostrophe
So you can take it all back
I would stop the beat, yeah
Go ahead rewind the clocks
You could close the gates
But I'ma pry the locks
But don't let me break your heart
You could shut down
I'ma hit restart

(Chorus x2)
Just find me back at the beginning
Don't break
Just find me back at the beginning
Before you take the best of me
The best of me
Cold hands heart beat and
You were like the summer warm but fleeting
How you changed to me
How you change me
