

# Key To The Universe

Timo Tolkki

Another day is passing by  
Nothing feels the same anymore  
I see it clear without fear  
Complete order in my life  
As I look into the blue sky  
I feel so much alive  
I have never felt like this before

We are the same everywhere  
We just want to be loved  
We are confused, we are scared  
Still we have to find our own way  
Life's not always very easy  
There are times when it all feels black  
But I tell you there is always a way

And the key to the universe is love  
And this key could free the mankind  
Trust yourself  
The voice within will guide you on your path of life  
The key to the universe is love
