

Cyclone

Timomatic

No more to say, I'm on my way
Gone like the wind, got my heartbeat racing
Against the time, slipping away from me
I swear

Baby, hold on, I'mma get there
You gotta hold on, have no fear
Yeah

Through the night, chasing lights
You on my mind
All I'm asking is you'll wait for me
Baby, I just need your patience

Baby, hold on, I'mma get there
You gotta hold on, have no fear
Yeah

I'll drive all night, hold tight
You and I
I'll drive all night, just hold tight
You and I

Baby, hold on, I'mma get there
You gotta hold on, have no fear
Yeah
Baby, hold on, I'mma get there
You gotta hold on, have no fear
Yeah

Lost in the moment
Through the flames I'm making my way
Back to you
I swear

(Baby, hold on, I'mma get there
You gotta hold on, have no fear)
