

## Find A Way

Timomatic

Racing down the highway  
Stranger in the night  
Searching for the answers  
To the questions in my mind  
Somewhere in the distance  
I can feel your soul  
Pulling me so far away  
To a place I've never known

I'm gonna find you (find you, baby)  
I'm gonna find a way (ooh-ooh, ooh-ooh), oh na (ooh-ooh, ooh-ooh)  
You know I won't stop (find you, baby)  
Until I find you (ooh-ooh, ooh-ooh)  
Until I find a way (ooh-ooh, ooh-ooh)

Got me speeding down the boulevard  
I, I, I can't stop it  
Coming after your heart, your heart, your heart  
Running on borrowed time, baby I want you to know  
Whatever it takes (whatever it takes)  
I'm gonna find a way

Glimpses of your shadow  
Flicker on the wall  
Driven by obsession  
Girl, I'm ready for the fall (ready for the fall)  
Miscommunication keeps me from the truth  
Praying for a miracle that will lead me straight to you

I'm gonna find you (find you, baby)  
I'm gonna find a way (ooh-ooh, ooh-ooh), oh na (ooh-ooh, ooh-ooh)  
You know I won't stop (find you, baby)  
Until I find you (ooh-ooh, ooh-ooh)  
Until I find a way (ooh-ooh, ooh-ooh)

Got me speeding down the boulevard  
I, I, I can't stop it  
Coming after your heart, your heart, your heart  
Running on borrowed time, baby I want you to know  
Whatever it takes (whatever it takes)  
I'm gonna find a way

I'm gonna find you  
I'm gonna find a way  
You know I won't stop (find you, baby)  
Until I find you (ooh-ooh, ooh-ooh)  
Until I find a way (ooh-ooh, ooh-ooh)

Got me speeding down the boulevard  
I, I, I can't stop it  
Coming after your heart, your heart, your heart  
Running on borrowed time, baby I want you to know  
Whatever it takes (whatever it takes)  
I'm gonna find a way

I'm gonna find you
