

Friday 6th

Timomatic

I know they wanna see me fall
On my faith, yeah
I don't mind, mind, mind

Take a shot
Pray you don't miss
In the end, it's you that will suffer

Play me for a fool
Error of your ways
What makes you assume that I won't die and come again
Karma don't play fair
Suddenly you care
There ain't nowhere you'll find me

They wanna see me fall, yeah
I know they wanna see me fall
No, I won't fall

This my resurrection
Thought you'd seen the last of me
Why would you play yourself?
You forced my hand
Now I'm in command
Should've known from the start
That you'd got for the heart

They wanna see me fall, yeah
I know they wanna see me fall
No, I won't fall

They wanna see me fall, yeah
I know they wanna see me fall
No, I won't fall

They wanna see me fall, yeah
I know they wanna see me fall
No, I won't fall
