

Satellites

Timomatic

Satellites, we're going higher baby, satellites
And we won't stop until we see daylight
There's only one way to go, oh, whoa

Let's go

Lady, I got a little something you've been waiting for
I know you're ready,
Girl let me take you somewhere you ain't never explored
The way you put it on me, it's so criminal, whoa
You're like an a-a-a-a-airplane
You're ready to go, let's go

Sending out a message to the atmosphere
We shutting down, we shutting down the game right here
This is the moment you've been waiting for
Baby let me take you higher

Satellites, we're going higher baby, satellites
And we won't stop until we see daylight
There's only one way to go, oh, whoa

Baby, girl won't you come and kick it on my spaceship, oh
Cause you're my baby, and every time we touch you get me faded, oh
The way you twerk it on me like nobody's watching
(Everybody's watching you)
It's so incredible
I'm up on this feeling

Sending out a message to the atmosphere
We shutting down, we shutting down the game right here
This is the moment you've been waiting for
Baby let me take you higher

Satellites, we're going higher baby, satellites
And we won't stop until we see daylight
There's only one way to go, oh, whoa

Satellites, we're going higher baby, satellites
And we won't stop until we see daylight
There's only one way to go, oh, whoa

Never coming down to earth, oh no, girl
Cause baby we were meant to fly, higher
You got me feeling like

Satellites, we're going higher baby, satellites
And we won't stop until we see daylight
There's only one way to go, oh, whoa

You got me feeling like
Satellites, we're going higher baby, satellites
And we won't stop until we see daylight
There's only one way to go, oh, whoa
