

Save the Dance Floor

Timomatic

I am a superhero and I've got a job to do
Rescue the melody and bring back the groove in you
I hear the cries of the big time everywhere, no no
Don't you want me baby?
I'm well prepared, yeah

Go!

I've got to save the dance floor
Bring back that beat to life
I've got to save the dance floor
Oh, oh, oh, oh

Yes I'm a superhero and I've got a mission objective, yeah yeah
Eradicate the enemies of music tryna wreck this
I am the catalyst to this revolution
The dance floor had a problem but I'm the solution

I hear them calling my name tonight
And, yes, I've come to save tonight
Save tonight

I've got to save the dance floor
Bring back that beat to life
I've got to save the dance floor
Oh, oh, oh, oh
[x2]

Is it a bird?
Or is it a plane?
Baby, it's me
And I've come to save you
[2x]

Oh, oh, oh, oh...
And I've come to save you
[x2]

I've got to save the dance floor
Bring back that beat to life
I've got to save the dance floor
Oh, oh, oh, oh
[x2]
