

Trust

Timomatic

I could make mistakes
Make you hate my name
And look in your eyes
And apologize

And you would love me like you did before
Forgive, forget
And I would hold you closer than before
My life, my friend

Throughout tears and pain
I'll be there to love you
Back to where we came from
I'll be a fool
But I will never lose your trust
There'll be days so hard
Nothing we can't handle
Cause together we're strong
I'll be a fool
But I will never lose your trust

I could ignore your call
Cause I'm with my friends
Tell you I was wrong
And we'd be cool again

And you would love me like you did before
Forgive, forget
And I would hold you closer than before
My life, my friend

Throughout tears and pain
I'll be there to
Love you back to where we came from
I'll be a fool
But I will never lose your trust
There'll be days so hard
Nothing we can't handle
Cause together we're strong
I'll be a fool
But I will never lose your trust

Woah-oh, woah-oh, woah-oh, woah-oh,
Woah-oh, woah-oh, woah-oh, woah-oh,
Never lose your trust
Woah-oh, woah-oh, woah-oh, woah-oh,

I could make mistakes
Make you hate my name, yeah
Oh oh oh

Throughout tears and pain
I'll be there to
Love you back to where we came from
I'll be a fool
But I will never lose your trust
There'll be days so hard

Nothing we can't handle
Cause together we're strong
I'll be a fool
But I will never lose your trust
