

Wait In Vain

Timomatic

Ooh, yeah yeah
Oh-whoa
Oh-whoa, oh no

She said she wanna be exclusive, for real
She wanna be the one that I come home to
And I ain't tryna make excuses for real
But I don't know if I can hold onto you
Yeah, yeah

Decisions, decisions, I gotta make
Baby I need some time
You know that I want you
But I've been here before
I gotta clear my mind
Oh yeah

Oh my love
Waiting for me, waiting for me
She don't wanna wait in vain, oh
Oh my love
She waiting for me, waiting for me
She don't wanna wait in vain
She don't, no she don't

Ay Zulu Girl
If I'm waiting tell me what I'm waiting for
I'm a good woman, I deserve more
Glad you put your offer on the table
Now I know I need something more stable
Yeah I want you but I do not need you
Wanna have you but I cannot chase you
I could replace you right now if I had to
Give another man all the shit that I gave you

You don't know my worth (no you don't)
You don't know my worth (no you don't know my worth)
You don't feel the same
I won't wait in vain
Could replace you right now if I had to
Give another man all the shit that I gave you

Oh my love
Waiting for me, waiting for me
She don't wanna wait in vain, oh
Oh my love
She waiting for me, waiting for me
She don't wanna wait in vain
She don't, no she don't

Oh my love
Waiting for me, waiting for me
She don't wanna wait in vain, oh
Oh my love
She waiting for me, waiting for me
She don't wanna wait in vain
She don't, no she don't, no

Oh-whoa

I-I-I'm good woman

I-I-I deserve more

Yeah, yeah, yeah
